

# CORE NETTING - SUPER PREMIUM

Super premium heavily galvanised hexagonal wire netting provides an effective solution for controlling rabbits. Using a hot dipped method of galvanising applied to the mesh after manufacture. For use in industrial, construction, agricultural sectors. The torsion of the wires and the hexagonal mesh together with the excellent quality standards and increased thickness of the zinc coating, gives our hexagonal fencing exceptional durability and malleability.

- Health & Safety - It is recommended that safety gloves, boots and glasses are worn at all times when handling the product
